ABOUT

Enthusiastic Front-End Developer with practical experience in building responsive and user-friendly web interfaces using HTML, CSS, JavaScript, React.js, and Tailwind CSS. Skilled in translating UI/UX designs into functional code, with a keen eye for clean, accessible, and visually appealing design. Proficient in version control (Git/GitHub), and experienced in collaborative development environments. Adept at solving problems, learning new technologies, and contributing to real-world projects. Passionate about creating impactful digital experiences through modern web technologies.

Education

Rajasthan University, Bachelor of Computer Applications

Sept2022–Oct2025

GPA: 6.5/10

- **Coursework:** Web Technologies, Human-Computer Interaction, User Interface Design, Computer Graphics, HTML/CSS/JavaScript, Software Engineering, Database Management Systems, Design Thinking, Visual Design Basics

Experience

web development trainee, Helpful insight - jaipur

Jan2023–June2023

- Designed and developed responsive, user-friendly websites using HTML, CSS, and JavaScript
- Focused on layout, accessibility, and seamless user experience across desktop and mobile devices
- Created UI layouts, wireframes, and interactive prototypes using Figma, Adobe XD, and Photoshop
- Ensured visual consistency and usability through attention to design principles and mobile-first approach

Projects

XORA UX/UI design front-end

github.com/name/repo

- Responsive web site
- React.js and tailwind use
- Build some unique animation in every response

Portfolio UI/UX design

[github/khushal/portfolio](https://github.com/khushal/portfolio)

- Designed a unique personal portfolio website from scratch using Figma, focusing on visual hierarchy, color harmony, and user flow
- Created custom layouts, iconography, and responsive components optimized for both desktop and mobile views
- Applied design principles like spacing, alignment, contrast, and typography to enhance readability and aesthetics
- Used design systems and reusable components for consistency and scalability
